Total Building Solution Under One Roof

Kiran Group already identified as a "Leading Provider of Pre-Engineered Building Solutions", conscious of the expectations of the clients, ensures quality at each level of execution.

We conceptualize, design, manufacture, supply and erect aesthetic but cost effective pre-engineered buildings, customized to the client's requirements, complying with BIS/AISC and MBMA Codes. This has been made possible with the excellent and vast infrastructure spread over 7 acres at Gujarat.

We also serve you by manufacturing all accessories and joineries like fire rated/non-fire rated open-able, roll up and sliding doors / windows of steel, which suits Pre-Engineered buildings & other buildings through our other four facilities located in and around Gujarat. We also have automated process for fabrication of Heavy girders for Railways, Steel Structures and Ducts for Power Projects.
